GRAY RACER SHOULD WIN.

Jerry Hunt's Chances Improved in Last Event, but Lasso Should Be Able to Get First Money.

Changed track conditions will confront the attendants at Delmar to-day, the result of vesterday's rain assuring slow going this afternoon,

Through the medium of this change, one horse will have his chances improved until he stands out prominently-regardless of the fact that he hardly looked to ne a contender last Saturday, at the close

in the Lemp mure, Lusso, however. Lasso ran a much improved race on her last start, and was a good third. She has shown adaptability to heavy going and will not be at any great disadvantage by the state of the track to-day,

Early in the season, Lasso won a nice

race or two over sticky footing. Even considering the track, it looks as if she should turn the trick over Jerry to-day. It seems best to place her as the likely winner, even though Jerry Hunt will be

winner, even though Jerry Hunt will be a strong favorite.

In the fourth race, chances for Neversich will go up with the heavy track. The little Hughes gelding has always timeonsistently on a sticky track, and will be dangerous here. Taby Tosa finished behind him on their last out, evidently not favoring the rather slippery surface which a sudden rain had given to the course.

course.

In the holding surface to-day, it seems best to concede a strong chance for first money to Taty. Neversuch picks up several pounds over his last out, but will likely be a well-played favorite to-day. The gray gelding is capable of troubling him however, and The Regent may be able to finish ahead of Neversuch and get second money.

Pourquoi Pas cannot be overlooked in the fifth. Her last race showed that she had worked back into her old sprinting form, and that she would be dangerous from now on. A couple of seasons ago from now on. A couple of seasons ago she was one of the handlest 2-year-olds on the local tracks. If she gets back to anywhere near her juvenile form, she will be dangerous in any field.

trouble to her. But she should be able to take this pair into camp on the improved showing of her last atart.

Bits fields make the second and third races decidedly problematical in outcome. But Borak looks extremely well in the 2-year-old race on the strength of her last race, when she was disqualified for swerving in the stretch. If she can run back to that form to-day, she stands out clearly as the winner.

With Borsk and Pourquot Pas as possibilities in their respective races, and with Neversuch having a good chance in the handcap, it seems as if the Hughes stable should earn its feed bill this afternoon.

Pantette, Tom Rowe and Lookaway is the order in which the first race should finish. Fannette has a burst of speed in the opening stages of a race that should give her a commanding lead, and her chances seem good here.

Toronto, came with Lyon. They are good golfers, but their performances hold out no hope of beating the American crack. Mason Phelps will scarcely hold either. He is a smart young golfer, but lacks the high class required to beat Egan. D. E. Sawyer, another of the brilliant box golfers of Chicago, comes in the same class as frielps, two motions below that of Egan.

St. Louis sense to the tournament box ers of this zet, cours in the same class as Fhelps, two motions below that of Egan.

St. Louis sends to the tearrament roman who can hope to win save by a miracle. The Stickney berse are newhere near their best. S. G. particularly, being off his form since his filtness last winter. A. B. Lambert, once a hard man to beat, has also best form. B. P. McKimie, local champion, never cultivated a style clean changle to carry him through a tournament and past a good man. Just now Sim T. Price and Fred Semple, who have always been rated secund class men among local golders, are playing the best game of the St. Louis forces.

LARLYS CHANCES SLIM.

LARD'S CHANCES SLIM. Allen Lard of Washington, has a chance to win, but where Agan is a 1-to-1 choice, Lard is 20 to 1. George Brokaw has a chance and another Eastern man also has a chance, as has C. B. Osry. W. C. Cara chance, as has C. B. Cary. W. C. Carnegle is emered but has not yet shown up.
I carnegle is a nephew of the celebrate! Andrew of that lik. His father promise him \$1000,000 if he won the national championship. Mr. Carnegle could not reach being beaten early in the tournament. So he will wait a bit for that nation.

Mr. Cadwallader of Springfield. III., played a fine game in the team matches Saturday, but it is not reasonable to expect an unknown player from a pretincial city to win a tournament like this. Indeed, it does not seem that anything busing bein fortune can beat Champion Egan.
